TO ENGINEER DISCUSSION

In another column we give a comparative table of entries for the Claresholm District Agricultural Fair for the past six years. It carries with it its own lessons. The agricultural fair in its inception promised to do a definite work in the interest of the agriculturist class in which is wrapped up the material interests of the province. The moving of agriculturists annually was to be a sort of clearing house of ideas, methods and experiences of which the exhibits were illustrations or pointed the moral. The competition would stir up and encourage the emulation which, working legitimately, would serve to improve the quality of the stock, produce or what not in the district. The small prizes would be, in a measure, a return of the actual expense of time or labor necessary to bring the exhibits to the fair. The amusement features would but add a spice to the more serious business of comparison of stock or produce. Men who were competent would take advantage of the opportunity to point out the path of improvement and all would have the opportunity for sale or exchange which would give them a better chance to produce exhibits of greater value at ensuing fairs.

At these fairs the merchants and others of the town in which the fair was held took advantage of the gathering to place their wares as enticingly as possible before the buying public who visited the fair. This feature furthered rather than hindered the main objects of the exhibition. The social features were more pronounced as in the examination, not hurried, of the exhibits, the men and women of the district whose interests were practically identical, visited with one another and many a helpful hint or experience was imparted in the course of the meeting.

The financing would be, more or less, a problem solved long before the fair day. The government and the local municipalities, with grants, the revenue from membership fees, very seldom if ever any charge for entries—in fact, only in older fairs where it was desired to discourage the entering of very inferior exhibits would entry charges be made, the gate and concessions, furnished a revenue which enabled many small fairs to have a surplus for the extension work during the interval between each year's fair.

Roughly speaking, in 1913, the revenue of the fair might be said to have been: Membership, \$175; Goat Grant, \$790; Donations, \$296; Entry Money (Exhibitors), \$239; Race Entry, \$258; and the main disbursements were: Prizes, \$1211; Race Purse, \$790. Supposing an old-fashioned, real agricultural fair were held and all the entry money on exhibits were lost and all the race entry money were lost and no donations at all were received, there would still be \$1710 approximately. Drop race purses from disbursements and pay the prize money and the gate would drop \$256 and still the fair break even. But we need not have dropped all the entry money nor used we have taken out all racing purses, nor would such a real fair be treated as cavalierly by the farmers, nor would the gate be so reduced.

We recognize the interdependence of the two associations, the Park and the Agricultural, in the grounds and other circumstances that might make it difficult to take any drastic steps for divorce but we think that a movement toward an agricultural fair rather than toward

a carnival of amusement is necessary or the agricultural fair end of it may as well be dropped as a failure. We also recognize the effect of the crop situation on the exhibits this year. What we do desire to have considered is—Where will it end?

## LOST A CROP

On the road somewhere between Grimsby and Claresholm, a hog horn handled fitting crop. Finder will please leave same at R.N.W.M.P. barracks, Claresholm, Alta. 170

## Black Wins Over Grey

To decide the relative fitness of Fred Connon's black gelding, John, and J. R. Watt's grey gelding, Grey Cloud, a purse of \$100 was hung up for the winner in a match race which was run off at the Park Association track last Friday night. John, ridden by the owner, won handily from his grey opponent. It was said that a very good offer has been made by Mr. Lowe for the black runner.

## Willow Creek

Mr. and Mrs. Colwell, Vancouver, are here this week looking after their land interests on the Creek.

Mrs. A. N. Brown and daughter returned Monday from Pearce where they have been spending a short vacation with friends.

Miss Pugh, of Calgary, is recruiting her friends on Willow Creek.

Wm. and Mrs. Gustman are now enjoying the addition to their house.

H. Hecker injured his knee when getting wood in the hills. This mishap is fortunately not so serious as it is painful.

P. J. Peterson has started two binders into his wheat.

Alex Stevenson has a good water well on his place. He has finished flowing and begins the harvest this week.

The Taber Fair has been called off this year following the decision of the board of directors to this effect.

## EUROPE GIVEN OVER TO WAR

(Continued from page 1)

is drawn Serbia and thus all Europe is embroiled.

To Germany, the mad dog of Europe, the times seemed propitious Russia is facing an industrial straits, England has on her hands a problem that may lead to civil strife, France has not recovered from the disastrous '72 and is unprepared with internal strife, Austria-Hungary is disintegrating through racial jealousy, but would rather be destroyed by England than by internal dissension. Germany has her own problem of a military despotism being challenged by an organized socialism. What better time to take the plunge which may distract the enemy in her bosom and intimidate the enemy on her borders. Thus is Europe in the clasp of war.

## Stavelly

Stephen Marshall was operated upon in the general hospital at Calgary last week. His progress is favorably being able to sit up for a while on Sunday.

Shirley and Mrs. Alsop left town on Monday for Chetivie where they will now reside.

The Right Reverend Bishop Pugh of Calgary, will conduct Church of England service in the Presbyterian church at 11 a.m. on Sunday next. Holy communion will be celebrated in connection with the service.

A meeting of the Local's Day Alliance will be held in the Presbyterian church on Thursday evening, August 28th at 8 p.m. Rev. Chas. H. Howie, M.A., of Red Deer, field secretary for Alberta, will speak.

Mrs. Robertson and children of Calgary have been visiting with Mr. Broadfield.

L. B. Ward has been engaged as teacher for next year at the Grassy Plains School and Mrs. Ward has been re-engaged to teach the Balfour School.

George McMeekin, who has been principal of the Stavelly school for the past five years, has accepted a like position in the public school at Langdon, at salary of \$1200 per year. As the staff of this school is comprised of three teachers, Mr. McMeekin's duty will be to teach the eighth, ninth and tenth grades, a fact which is very gratifying not only to Mr. McMeekin, but also to his many friends, who all unite in wishing him further success in his chosen work.

## Blacktail

Miss Dolly Macnaman from Calgary is spending a part of her summer holidays with friends on Willow Creek.

Mr. and Mrs. Stone were visiting on the creek last Sunday.

There was a good congregation at the church service on Sunday.

Bob Vanice is off on a pig buying expedition.

## Horses Run for Drink

John Sandford's team, hitched to a light wagon, ran from in front of the postoffice around the corner on Third Avenue and leaving the last vestige of the rig at the Council Chamber, it out on Willow Creek, about the only place where there is any water in this neighborhood these days. John pursued them with an auto and brought them back on the jump. This with the news furnished Tuesday's excitement.

## Do You Want Boys?

Farmers and others requiring the services of boys can in all probability get good boys for the harvest season or for permanent work by applying to the Superintendent of Delinquent and Neglected Children, Old Parliament Buildings, Edmonton, Alberta. A full description of the home must be sent with each application.

## CLARESHOLM LOCALS

C. J. Braven was a Calgary visitor on Monday.

W. H. Hannan, of Cowley, was registered at the Queen's on Friday.

W. T. Ross, of Truro, N. S., was a Clareholm visitor on Thursday.

Miss Kate Miller has returned to duty from her holiday trip to Creston, B.C.

Nels Petersen has returned from a course of treatment at the baths at Banff.

Many of the townspeople are holidaying at Banff and many more will go later.

R. Ritchie-Paterson, chartered accountant of Lethbridge, was in town on business this week.

The ice cream men have been doing a land office business through three doggone hot "dog days."

Sir Robert Borden and Sir Wilfrid Laurier have abandoned their projected tours of the west this year.

M. Dorman, at one time operator here but now of Enigma Alta., paid this town a visit over the weekend.

Miss A. R. McEae returned on Saturday from Magrath where she had spent a few weeks with friends.

Mrs. M. A. Lebeau went to Calgary on Tuesday to visit Martin who is convalescing at the Holy Cross Hospital.

Master Willie and John Farrer and their sister, Annie, are enjoying the hospitality of Mrs. Hamblin for a vacation in the Hills.

E. B. Westland, of Wyoming, Ont., arrived here on Saturday and on Sunday left for the '44 where he will spend a short vacation.

E. T. Gray finished on Saturday a well for G. H. Carney, in which at a depth of about 250 feet a good supply of water was obtained.

H. O. Haslam thinks he has established a record—three real blow-outs in five miles. The decision is left to the sporting editor of The Albertan.

Mrs. Graham, a dressmaker, has moved from South Dakota, and has taken the Tillotson cottage on second Av. opposite Dr. Stevens' residence.

Chalmers McNichol returned on Thursday from Empress where he has been spending some time with his brothers who have homesteaded in that district.

Mr. Morrow, the manager of the Farmers' elevator, has moved to the cottage opposite the English church. This is the cottage recently occupied by J. W. Colley.

Mrs. W. A. Lyndon and daughter left on Monday evening for Savannah, Georgia, where Mrs. Lyndon's relatives are. They will be gone a month or six weeks.

Mrs. Wm. Knight and daughter, Ethelyn, left yesterday for the East. They will visit friends at the Canadian South, Toronto, Chatham and other Ontario points.

Chas. F. Schubert, of Armstrong B.C., arrived on Monday to look over some land in this neighborhood. It is said that Richard Stevenson's place was in his investigation.

W. M. Ross has taken the Bowen house lately occupied by A. Gaudin, who is going out to the farm. Mr. Ross will move his family from Calgary in the near future.

Mrs. Doyle left on Monday to spend a week with friends at Calgary. She will go on to Banff accompanied by Miss Ruth Doyle and spend a few weeks at the mountain resort.

Thos. and Mrs. Moore left on Saturday evening for Calgary from which they go east to Detroit, St. Clair and points in Ontario and Michigan. They will go by way of the Lake Lakes.

Mr. Ross, of Chesley, Ont., arrived last Friday to visit his son, W. M. Ross. It is Mr. Ross' intention to extend his trip to take in points in the states of Washington and Oregon.

T. C. Milnes began the harvesting of his wheat on Monday. He thinks the sample will be better than at first supposed and it is hoped this experience will be general in this neighborhood.

J. G. Schram and wife left on Monday last for Lebanon, Ore. They have been visiting their son, C. B. Schram, here, for some time. On their return they were accompanied by Pearl Rick, daughter of Chas. Rick.

Outside of one or two windows no attempt was made by the local merchants to decorate exterior or interior for the local fair. There was very little except the crowd on the streets to indicate that Clareholm was celebrating.

It is understood that the railways will not offer any inducements to harvesters from the east this year as it is believed that, with the unemployed in the western cities and the farmers whose crops are not a success, plenty of help is available locally.

Church union is considered a dead issue for the present at least by the Methodist Church and renewed efforts for development in the church itself will be made. Those who favored union have in many cases changed their attitude owing to the dilatoriness of the sister church.

The report that S. Mackwood, at the power house, had received his papers recalling him as a navy reservist to England is not correct. Mr. Mackwood, has filled out his line of service on the navy reserve and is not liable for duty unless he should volunteer for service.

The Ladies' Aid of the Presbyterian Church have decided not to hold the annual Flower Show this year. The long spell of excessive drought has had a bad effect upon the gardens making the holding of the show inadvisable. The ladies had a booth at the Fair instead to replenish the exchequer.

The purchase by the C. P. R. of 5000 head of sheep last week with the announced intention of the company to place half of this large herd at Brooks and half at Tilley to assist in the war against the weeds suggests that a few head of sheep might be profitably employed on each farm in this district as an aid to the weed inspectors.

It is understood that E. C. Payne has sold his interest in the Payne Printing Press to his brother, Clarence de Groff and will take a position on the staff of the Gleichen Club. Mr. de Groff will give his attention to his trade of painting and paper hanging. Mr. Payne leaves to go for Gleichen and his family will follow shortly.

Mr. and Mrs. Cruikshank, of Saskatoon, Sask., visited Mr. and Mrs. C. W. James. They arrived on Monday evening intending to spend a three weeks' vacation at various points in Alberta and Saskatchewan but a wire recalled Mr. Cruikshank to Saskatoon where he is assistant editor of the Phoenix. Mrs. Cruikshank is a sister of Mrs. C. W. James.

Remember it is not the intention of The Advertiser to give clues to the solving of the rebuses in the Summer Pastime competition as it did last week and this. In the future it will call for some closer study to get the names represented by the pictures. The Advertiser's Summer Pastime Handbook gives a list of names which positively contain the correct ones in this contest and you may secure this booklet for 25c at The Advertiser Office, Clareholm.

An incipient fire broke out in the roof of the engine house at A. Hutton's feed mill last Friday afternoon. The firemen were promptly on the scene and with a few pails of water extinguished the fire. It makes one shudder to think what the consequences might have been had the fire gained greater headway and no water in the mains. And had the fire been in the thickly built bus section how much greater would have been the menace?

## Clear Lake

Miss Pearl Fosse is visiting Mrs. C. Gable for a few days.

J. A. Caldwell is busy in this neighborhood with his feed grind.

Stanley Wyatt spent a few days last week in the Hills for an outing.

The Grube boys have finished plowing 150 acres for Francis Downs.

Julius Nelson is working for Adolph Amundsen on his Clear Lake farm.

Mrs. J. Schumacher is suffering from an attack of the quinsy. She is under medical care.

Quite a number from this neighborhood attended the dance at Prairie Dell school and report a fine time.

## One Cent a Mile

At the meeting between the Provincial Department of Agriculture and the railway passenger agents Monday, the railways promised to help out the labor situation by granting the one cent per mile to give to harvesters going from one part of the prairie provinces to another. This will obviate the necessity of bringing many men from the east.

In the case of Southern Alberta where the crops are very poor in parts, the railways promise to give the one cent a mile not only going but returning, so that farmers and homesteaders in that part of the country will be able to obtain work in northern Alberta this fall at very little expense for travelling.

The department will communicate with Boards of Trade and farmers' institutions in the south to arrange the distribution of harvest help.

## You Can Help the Children

Get Them Started in the Fascinating Summer Pastime

Of course, when the boys and girls were babies it was the easiest thing in the world to tuck them away in bed at night time, plant a kiss on each rosy cheek and go peacefully about your work knowing that no harm could touch them. Now it's different, isn't it? Sure! The kiddies are determined to rush out of doors, after dark, and the poor little mother has to keep her eye on every small chick.

"They want something to do," you sigh.

Of course they do, and here it is! The greatest fun in the world, working out the rebuses pictures, with a chance to win something in the end.

Just think of this! Betty and Susie, and Jacky and Tommy will have a pleasant task and maybe a reward later on. Human nature is the same yesterday, today and to-morrow.

A boy's mind and a girl's mind, too, for that matter, grows restless with nothing to do. Between you and me, big folks are the same way, too. What if they can all sit in the contest, and all have a chance of winning the prize, for that matter?

The Pastime is perfectly individual. Why don't you get each one of the youngsters his own paper, let him work out his own picture, and save his own coupons? It'll make the little chap more independent.

And this isn't saying that daddy and mummy can't enjoy the fun of the Advertiser's Summer Pastime. Aunt Mollie.

Martyr for the Truth

The editor of a northern Alberta newspaper lives up to his motto, "Tell the truth and shame the devil," when he describes the black eye which one of his subscribers gave him lately but he does not adhere to his motto nor does he satisfy the sympathetic curiosity of his brother subscribers when he omits to tell what savours the other fellow carried from the fray.

## Furman

Haying time!

Ray Patterson has Lee Jones helping in the haying.

W. Davis and Clarence Jacobs are putting up hay for Fred Burton on the Quail ranch.

John Scott is in charge of the '44 during the absence of Mr. Moore and Mr. Moore in the East.

There is a rumor that a deal is on for the purchase of the Foothills Lumber Company's interests and a mill.

There is a chink creek at the Four Bar Ranch. The bill-of-fare while still fearfully and wonderfully made will exchange its plain Hill names for up-to-date French posers.

Frank Messle and Bert Ford have completed the fencing contract on the Four Bar Ranch and are almost done with job of the piping the water from an adjoining spring to the corals and stables.

Jas. Robble's team ran away last week and went through the gate into the '44, spilling everything not bolted down. Fortunately there was no human freight to get rid of and the horses were not injured.

## Women's Summer Pastime

No Special Knowledge Necessary to Enter

While many women readers are following The Advertiser's Summer Pastime with interest there is occasionally to be found one who asks: "How can I enter; what do I know about lacrosse or baseball or hockey?"

Such a remark is almost foolish, considering what has been stated so plainly in the announcements. The names of players of various sports are used because they represent a large and picturesque list, but the fact that they are players makes no more difference than if they were names taken from a list of taxpayers or from a city directory.

The Advertiser's Summer Pastime Handbook gives a list of 2,500 names and it is guaranteed that those in the rebus picture series may be found in this book. Thus it becomes as easy for an invalid grandmother to participate as for a sportive grandson.

Their will be complete fairness and the valuable rewards will positively be given. Apart from the prize that is being sought there is a fund of amusement for every participant.
